Tell us what you think

Here at Bluestone Mortgages, we pride ourselves not only on our service but communication and transparency with our brokers. Staying true to this, we'd really appreciate your honest feedback. If you could please take 60 seconds to write a review on the service you have received using Google Review or Trustpilot or both, we'd be very grateful!

Providing mortgage solutions for your customers is what we do best, not to mention helping thousands of customers secure their dream homes who have been turned down by high street lenders which is something we are very proud of. This feedback is invaluable and will help us to serve the broker community better by sharing your experiences of working with us during all parts of the application process.

We appreciate your business and want to make sure we understand what we did well and what we could do better in the future.

"We have found the process to be quick efficient and stress free and would highly recommend Bluestone..."

Bluestone Broker Portal

Our innovative broker portal

Our broker portal is changing the landscape of specialist lending. The new application process, controlled from your own central broker interface, makes it easy to manage the details of your client cases, as well as save significant amounts of time and effort along their application.

How? Our open banking approach, coupled with the ability to pull through your client's committed expenditure, allows for an accurate valuation of their household expenditures within minutes. Not only that, you can now gain an automated Experian credit decision for your clients considerably earlier on in the process.

What does our broker portal offer?

- **Automatic credit reports**

We've reformed the broker portal technology so that you can get a credit decision from Experian earlier on in the application process.

- **Automated committed expenditure**

Our broker portal will save you even more time when keying in an application by pulling through your client's committed expenditure, you just need to tick if the debt is being repaid.

- **Reduction in processing times**

Within minutes, you can gather accurate household expenditures using our Open Banking integration saving you time and ensuring accurate customer information.
